

Mission-Critical Supply, Technology Procurement & Logistics Support

Certified California DVBE and Small Business delivering streamlined commercial supply, hardware procurement, and fast-track fulfillment for state and federal agencies.

CORE COMPETENCIES

Technology & Computing Hardware

Commercial IT peripherals, servers, networking hardware, software licensing, and administrative workstations. NAICS 423430.

Medical & Facility Supplies

Non-perishable clinical consumables, clinic diagnostics, PPE, ergonomic therapy apparatus, and facility equipment. NAICS 423450.

Industrial Supplies & Maintenance

Hardware, maintenance consumables, MRO supplies, safety gear, fasteners, and warehouse utility equipment. NAICS 423840 / 423710.

Institutional Fixtures & Furniture

Commercial task seating, modular office configurations, storage systems, and operational furniture. NAICS 423210.

PROCUREMENT DIFFERENTIATORS

Statutory DVBE Advantage. Supports California's mandated 3% DVBE goal and applicable federal small business objectives.

Direct Principal Accountability. One point of contact for tracking, order routing, and rapid communication.

FOB Destination Delivery. Full logistics management for on-dock delivery aligned with agency instructions.

Clean Supply Chain Standards. Verified domestic wholesale channels, applicable TAA compliance checks, and CUF integrity.

Responsive quote turnarounds, verified COTS hardware, and agile procurement fulfillment.

Credentials are company-reported; verify current status with the issuing agency before award. SDVOSB VetCert certification is pending; SBA certification is not claimed. California SB/DVBE Option awards for eligible goods, services, and IT must be below \$250,000 and require at least two quotes from certified SBs or two certified DVBEs, subject to agency requirements. Product eligibility and applicable TAA requirements are verified per solicitation.
